March 20, 2020

Dear Cape Families and Staff,

We have become aware that a staff member associated with Bus 57 has tested presumptively positive for COVID-19 (coronavirus). This bus transports students to and from Rehoboth Elementary and Cape Henlopen High School. The staff member is currently isolated at home with only mild symptoms.

Should you or someone within your household or family develop symptoms such as coughing, fever and shortness of breath, you should contact the Delaware Division of Public Health at 1-866-408-1899 or your primary healthcare provider. If you experience symptoms and do not have a health care provider, contact Division of Public Health's Dana Carr at Dana.Carr@delaware.gov or 1-703-942-9912.

Please remember to adhere to Delaware Division of Public Health's guidelines of limiting social contacts by practicing social distancing, finding alternative ways to greet people that don't involve shaking hands, as well as practicing good hand and cough hygiene.

While our schools remain closed to the public, teams will continue the on-site deep cleaning and sanitizing of our buildings and our busses. Thank you for your continued partnership to protect the health of our schools and entire Cape community.

Sincerely,

Robert S. Fulton, M.S. Ed.
Superintendent
