April 24, 2020

Dear Cape Families:

Today the Governor announced that students will not be returning to school on May 18th as originally hoped. Due to the continuing COVID health crisis, school buildings will remain closed through the end of this school year.

Students will continue to engage in remote learning through the remainder of the 2019-2020 school year. Yesterday, all families were provided updated guidance regarding our remote learning efforts and expectations. Those documents are also available on our website, capehenlopenschools.com/virtual. If you have any questions regarding our remote learning efforts and/or expectations, please reach out to your child's teacher and/or principal.

Based on our revised 2019-2020 District calendar, the last day of remote learning for our Pre-K-11 students will be Friday, June 12 and the last remote learning day for seniors will be Monday, June 8.

On June 9 we will have a virtual commencement ceremony for our graduating seniors. We have been, and will continue to discuss and plan the various details related to our commencement ceremony and other programs related to graduation. We will be sharing this plan with our seniors and their families prior to May 8.

While we are saddened by this news as we miss our students, we know the health of our students, staff and community is most important. As always, we appreciate your support during this unprecedented time.

Sincerely,

Bob Fulton
Superintendent
